Section 1 - Introduction

This directory provides a list of the Mutual of Omaha CareAdvantage network providers. To get detailed information about your healthcare coverage, please see your *Evidence of Coverage* (EOC).

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider** (PCP). Generally, you must get your healthcare services from your PCP. The name and telephone number of your PCP are printed on your Member ID card.

The network providers listed in this directory have agreed to provide you with your healthcare, vision and dental services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers. Please refer to your EOC for details.

Providers identified with an asterisk (*) also accept Medicaid. The number following the 10-digit number listed below the provider's name is the provider's National Provider Identifier (NPI) number. In the Hospital section of this directory, the capital letters following the word "Code" show that hospital's code. When a hospital's code follows a provider's information, it indicates to which hospital(s) that provider has privileges for admitting patients.

You will get your routine or basic care from your PCP. Your PCP will coordinate the rest of the covered services you need. This includes x-rays, laboratory tests, therapies, specialist visits, hospital admissions and follow-up care. Your PCP also contacts other network providers for updates about your care and/or treatment. If you need certain types of covered services or supplies, your PCP must give approval ahead of time.

Your PCP must give you a referral to see a specialist. When your PCP thinks you need specialized treatment, he or she will give you a "referral" (approval ahead of time) to see a network specialist. A **specialist** is a doctor who provides healthcare services for a specific disease or part of the body. If you want to use a particular Mutual of Omaha CareAdvantage specialist or hospital, you should check with your PCP to make sure he or she can make referrals to that specialist or hospital.

It is very important to get a referral from your PCP **before** you see a network specialist. **If you do not have a referral before you get services from a specialist, you may have to pay for these services yourself.** If the specialist wants you to come back for follow-up visits, be sure to check the original referral to see if these were included.

In some cases, your PCP will need to get prior authorization from Mutual of Omaha CareAdvantage. A prior authorization is an approval from the plan for medical services and must be requested **before** services are received. Since your PCP will provide and coordinate your healthcare, you should have all of your past medical records sent to your new PCP's office. The law requires us to protect the privacy of your medical records and personal health information. For more information about privacy, see your *Evidence of Coverage* (EOC).

Provider Directory

You may change your PCP for any reason, at any time. To change your PCP, call our Customer Service Department. **PCP changes take effect the first day of the following month. Requests for retroactive changes are typically not approved.** When you call, be sure to let the customer service representative know if you are seeing specialists or getting other covered services that needed your PCP's approval (such as home health services and durable medical equipment). The customer service representative will change your membership record to show the name of your new PCP. You will receive an updated Member ID card with the name and telephone number of your new PCP.

Some services you may get on your own. There are only a few types of covered services you can get without seeing your PCP first. **"Self-referred"** means you get service on your own. If you get self-referred services, you still have to pay a copayment. If you get a self-referred service from a network provider, you will only have to pay the in-network copayment. If you obtain routine care from out-of-network providers, neither Medicare nor Mutual of Omaha CareAdvantage will be responsible for the cost.

The following services may be self-referred:

- Routine eye exam – an annual exam for the purposes of determining changes to your vision and the possible need for eyeglasses or contact lenses. **Please see the "Routine Vision Care Provider" section at the end of this directory for information on how to find network providers that you may use without a referral from your PCP.**
- Routine women's healthcare – this includes breast exams, mammograms (x-rays of the breast), pap tests and pelvic exams. This care is covered without a referral from your PCP *only* if you get it from a network provider.
- Flu shots and pneumonia vaccinations – these are covered *only* if you get them from a network provider.
- Emergency services – whether you get these services from network providers or out-of-network providers, emergency services including hospital care after you are stable (known as post-stabilization) are also covered.
- Urgently needed care – this includes care you receive from out-of-network providers when you are temporarily outside the plan's service area.
- Renal dialysis – kidney services that you get when you are temporarily outside the plan's service area are covered. If possible, please let us know before you leave the service area and where you will be. We can help arrange for you to have maintenance dialysis while you are away.

Getting care when traveling or when you are away from the plan's service area. If you need medical care when you are outside the service area, your healthcare coverage is very limited. The only services we cover when you are outside our service area are care for a medical emergency, including maintenance care and hospital care after you are stable (known as post-stabilization care), urgently needed care, renal dialysis (kidney), and care that Mutual of Omaha CareAdvantage has approved in advance. If you question whether a service is covered when you travel, please call our Customer Service Department.

The difference between a medical emergency and urgently needed care is the seriousness of the condition.

- A medical emergency is when you believe your health is in serious danger—when every second counts. You may have a bad injury, sudden illness or an illness that is quickly getting much worse.
- Urgently needed care is care you get for a sudden illness or injury that needs medical care right away, but it is not life threatening. Treatment for a sprained ankle is an example of urgently needed care.

Your PCP generally provides urgently needed care. If you have a sudden illness or injury that is *not a medical emergency* and you are in the plan’s service area, please call your PCP. If the office is closed, there will always be a doctor on call to help you. **Please note: If you have an urgent need for care while you are in the plan’s service area, you should get this care from network providers. In most cases, we will not pay for urgently needed care that you get from out-of-network providers while you are in the plan’s service area.**

If you are out of the plan’s service area and cannot wait until you return, Mutual of Omaha CareAdvantage will pay for urgently needed care you receive from out-of-network providers. We will cover follow-up care that you get from out-of-network providers outside the plan’s service area, if the care you receive still meets the urgently needed care definition. Once you return to the service area, your PCP will provide any needed follow-up care.

If you have a medical emergency:

- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. **In any emergency, you do not need permission (authorization) or a referral before getting medical assistance.**
- Emergency medical care is covered whenever you need it, anywhere in the world.
- Ambulance services are covered in situations where other means of transportation, anywhere in the world, would endanger your health.
- As soon as possible, you or someone else should contact your PCP about your emergency. Your PCP’s telephone number is located on your Member ID card. Your PCP needs to know about your emergency because he/she will provide or arrange follow-up care. Please try to contact your PCP about your emergency within 48 hours.

Your PCP will help manage and follow up on your emergency care. It is important to know that every emergency has two stages. When the doctors or hospital providing emergency care consider your condition stable, the first stage of the medical emergency ends. However, even after your condition is stabilized, you are still considered in an emergency situation and Mutual of Omaha CareAdvantage must pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a network provider or not). The second stage of the emergency, after your condition is stabilized, is called post-stabilization.

Generally, the hospital, or doctors, providing emergency care will try to talk to your PCP. This helps the plan arrange for network providers to take over your care as soon as your condition and circumstances get better. Once your PCP takes over your care or agrees with the attending hospital on an appropriate course of action (or once you are discharged, if you are fully recovered), you are no longer in an emergency or post-stabilization situation.

When you are past the emergency and post-stabilization stages, you may still need follow-up care. Mutual of Omaha CareAdvantage is responsible for your follow-up care. Mutual of Omaha CareAdvantage will *only* pay for follow-up care (care provided after your emergency and post-

Provider Directory

stabilization stages) if you follow the plan rules. Your PCP can assist you with finding network providers and securing the appropriate referrals and authorizations.

You should never pay any out-of-network provider more than what the provider is allowed by Medicare. The provider has a right to get his or her fees but does not have a right to receive them from you. Ask the out-of-network provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay the out-of-network provider for our share of the bill if it meets the criteria noted above and will let you know what, if anything, you must pay. If an out-of-network provider asks you to pay for covered services you get in these situations, please call our Customer Service Department.

While Mutual of Omaha CareAdvantage does not contract with specialists who provide certain services at a healthcare facility (such as anesthesiologists and pathologists), we do pay the facility for the cost of these services when provided at a facility that is contracted with Mutual of Omaha CareAdvantage. If you receive a bill for such services, please contact Mutual of Omaha CareAdvantage customer service.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Mutual of Omaha CareAdvantage will be responsible for the costs.

What is the service area for Mutual of Omaha CareAdvantage?

Mutual of Omaha CareAdvantage Pharmacy Directory

Introduction

This booklet provides a list of the Mutual of Omaha CareAdvantage network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the *Evidence of Coverage* (EOC) and the Mutual of Omaha CareAdvantage formulary.

We call the pharmacies on this list our network pharmacies because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under Mutual of Omaha CareAdvantage only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription. You can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances, as described in your EOC.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of December 16, 2020. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can go to all the pharmacies on this list, but your costs for some drugs may be less at pharmacies in this list that offer preferred cost-sharing. We have marked these pharmacies with † to distinguish them from other pharmacies in our network that offer standard cost-sharing.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact Mutual of Omaha CareAdvantage.

Mutual of Omaha CareAdvantage Network Pharmacies

The pharmacies are divided into four groups: Retail Pharmacies, including Chain Pharmacies; Mail Order; Home Infusion; and Long-Term Care. The pharmacies in each group are listed by state and then by county. **“Preferred pharmacies” are identified with the symbol †. Pharmacies that provide an extended day supply of medications are identified with the symbol ¥.**
