Committed to Financial Strength and Long-Term Relevance
Since 1909, Mutual of Omaha Insurance Company (Mutual of Omaha) has been there to keep our promises to our customers. As a mutual company, we are owned by our policyholders, which enables us to take a long-term view and focus on our customers’ insurance and financial needs.

In a rapidly changing world, we are financially strong and ready to serve our customers — both now and into the future.
A Message from the Chairman and CEO:

For more than a century, Mutual of Omaha has found meaningful ways to meet the changing needs of America's consumers, remaining relevant and financially strong.

As a mutual company, we are owned by our policyholders. This means we focus solely on the long-term needs of our customers, not the short-term demands of the stock market.

Because our interests are fully aligned with our customers, we are able to pursue a sound business plan and disciplined investment strategy. Our $4 billion policyholder surplus represents added security and protection for our customers.

Our financial strength has been acknowledged by multiple third-party rating agencies, which have affirmed their strong ratings of Mutual of Omaha and our insurance affiliates over many years.

This booklet contains more information about Mutual of Omaha’s financial standing. It demonstrates that you can have confidence in Mutual of Omaha to fulfill the promises we make.

Thank you for your trust and confidence. We look forward to working together for years to come.

Sincerely,

James Blackledge

More than 100 years ago, our founders understood the importance of being there for our customers in their time of need. In today’s complex and fast-changing financial landscape, that purpose has never been more important.

You can count on Mutual of Omaha Insurance Company and its insurance affiliates for the strength, stability and security that’s even more critical in these complicated times. With a firm financial foundation and a lasting commitment to customer service, we look forward to serving you for years to come.

By Our Policyholders, For Our Policyholders

As a mutual company, owned by our policyholders, Mutual of Omaha Insurance Company is not driven by the short-term thinking and focus on quarterly results that often characterize publicly traded companies. While there are benefits to both forms of organization, our mutual structure allows us to ensure that every investment we make is done with the long-term benefit of our policyholders in mind. In addition, our financial strength and ability to operate and grow are not strongly tied to the ups and downs of the investment markets.

“To serve with justice and integrity those whose protection has been entrusted to our care.”
