Support When Traveling the Country or Abroad

Travel assistance provides employees, their spouse and dependent children with worldwide, comprehensive support and resources to help them manage unexpected emergencies while traveling.

## Comprehensive Travel Support for Employees

Experiencing an emergency while traveling can be especially difficult. Knowing who to call for medical problems, currency exchange issues or lost luggage is critical. Employees with Travel Assistance can take comfort knowing that a network of support is available to them worldwide. With just one call, employees have access to professionals who can help them with local medical referrals or provide other emergency assistance wherever they are.

### A Case In Point — Manila

An employee from California was diagnosed with an acute respiratory condition and hospitalized in the Philippines for 59 days. Once the patient's condition stabilized, travel assistance arranged for an air ambulance and a critical care team to escort the patient back to the United States, a ground ambulance upon arrival and readmission into a California hospital. For this employee travel assistance not only provided potentially lifesaving support, they saved \$175,000\* in air ambulance and medical staff fees.
