

Catch Up on the Latest Insights in Employee Benefits

SPRING 2026 WRAP-UP

Mutual Viewpoint keeps you current on industry developments, plus the latest insights and resources at Mutual of Omaha. Here's a look at what's new this season.

Supporting Dental Health, Access and Value

As families begin a new plan year, many have just enrolled or reenrolled in dental coverage. Learn why preventive care and healthy habits matter and how our dental plans make it easy to help families support their dental health. [Read the article](#) or [listen to the podcast](#).

Dental Market Trends Report

As more members use their coverage, strong dental networks are key. This report highlights market trends, plan evaluation tips for brokers and employers, plus how in-network access affects cost and satisfaction. [Read the report](#).

The Latest on PFML

Private PFML plans are gaining momentum nationwide. Learn key lessons from recent state launches, early claims insights and how brokers and employers can prepare for what's ahead. [Read the article](#) or [listen to the podcast](#).

Advancing Benefits Through API Integrations

Mutual of Omaha expanded API integrations with benefits administration platforms. This update simplifies plan setup, streamlines EOI and improves enrollment accuracy. See how these real-time connections are reducing manual work for brokers and employers. [Read the article](#).

Making Benefits Faster, Simpler, More Accurate

In February, Mutual of Omaha announced the expansion of API integrations with leading benefits administration platforms. These connections help brokers and employers save time and reduce errors. [Read the press release](#).
