Drugs That Require Step Therapy (ST)

In some cases, **Mutual of Omaha RxSM** (PDP) requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Step 1 and Step 2 drugs both treat your medical condition, we may not cover the Step 2 drug unless you try the Step 1 drug first. If the Step 1 drug does not work for you, we will then cover the Step 2 drug.

You will need authorization from Mutual of Omaha Rx before filling prescriptions for the Step 2 drugs shown in the following charts. Mutual of Omaha Rx will only provide coverage after it determines that the drug is being prescribed according to the criteria specified in the chart.
